

BeWell Plan Preview PY2027

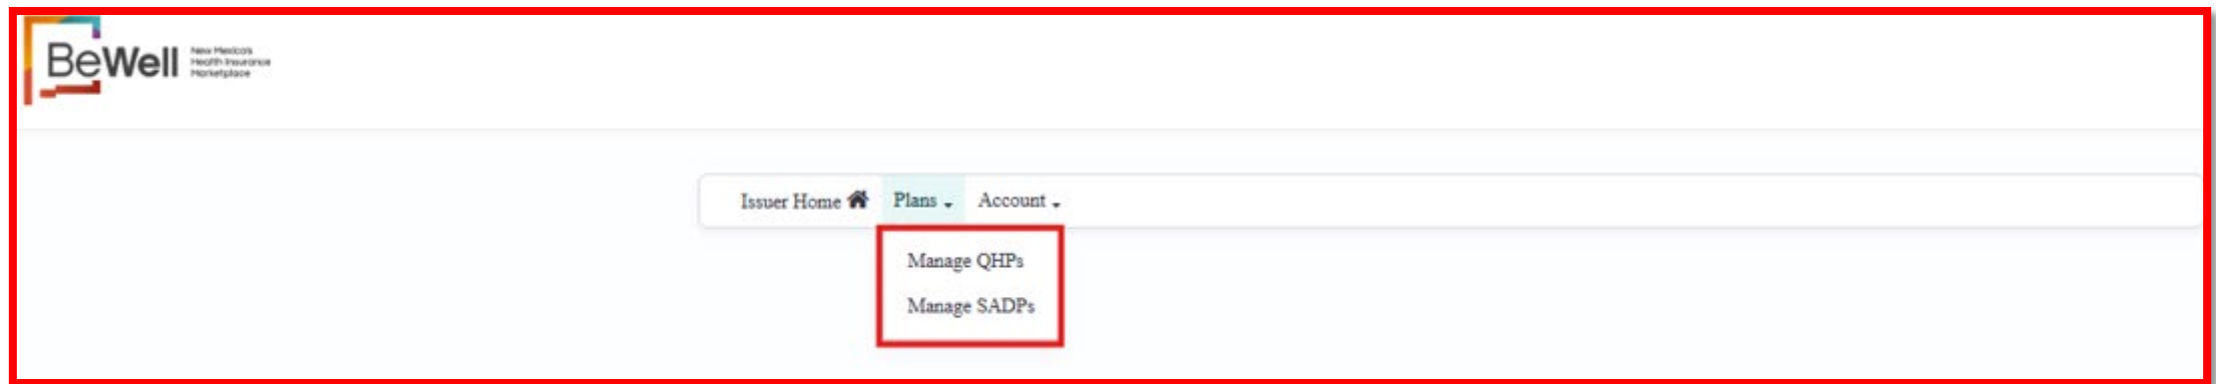

Plan Preview & Validation

Issuer Representatives will log in and begin validating plan information starting the week of **09/08/2026, prior to plans being available in production. BeWell will reactivate credentials before notifying Issuers to being review. Update your Issuer Representative Form based on this presentation and notify plan.management@nmhix.com . The form will be located in your Carrier-Specific SharePoint Site under Admin Forms.**

Issuer Representatives will have the following access to review and validate plan information:

1. **Plan Tab** – View each number individually, including rates, benefits, networks, service areas, and other plan details.
2. **Anonymous Shopping** – Preview how plans appear in the anonymous shopping flow in production. Issuers will only see plans from their own company.

Plan Preview – Plans Tab

- Issuer Reps can view all company plan IDs by selecting **Plans** , then choosing **Manage QHPs** or **Manage SADPs**.
- This provides access to all plans at the Plan ID (HIOS Plan Number) level.

Plan Preview – Plans Tab

- Plans may be filtered by plan year, plan number, metal level, status, and enrollment availability.
- Choose a plan number to view plan details. CSR variants are shown separately.
